Hey Bryant,

No network required. That's the beauty of SharePoint. It just doesn't work on cell phones? Hopefully that issue will be resolved in the near future.

Thanks Joan. I guess I have to be inside the network?

Good morning Bryant,

Please try logging into SharePoint on your government computer. Unfortunately, SharePoint doesn't work on cell phones. All you have to do is input your email address as your logon. Give me a call if you have any more issues.
